

Investing in Uganda's Digital Architects

Solving SDG 1 & 2 Through Innovation

EDTech High School Quiz Competition 2026

Presented By: CYBERLINE Technologies

The Digital Divide Holds Uganda Back

Limited Access to Technology

70% of Ugandan secondary schools lack basic ICT infrastructure, creating a generation unprepared for the digital economy.

Skills Gap in Critical Sectors

Youth unemployment remains high while tech companies struggle to find qualified talent, a mismatch that hurts our economy.

SDG Progress Lags Behind

SDG 1 (No Poverty) and SDG 2 (Zero Hunger) require innovative solutions—solutions our youth can create with the right tools and mentorship.

EDTech Quiz 2026: Where Competition Meets Creation

PHASE 1: Academic Excellence

- Traditional Quiz Format
- 30 Schools Nationwide
- Multiple Buzzer Rounds
- Regional & National Stages
- Top 10 Teams Advance

PHASE 2: Innovation Month

- Tech Solution Development
- Focus on SDG 1 & 2
- Mentorship from Industry
- Prototype Creation
- Grand Finale Tech Expo

Building a Tech-Enabled Generation

Aligned with Uganda Vision 2040 & National Development Plan

Digital Literacy at Scale

Equip 30 schools with lasting ICT infrastructure through National Infrastructure Prizes

Youth Empowerment

Transform 1,500+ students from passive learners to active innovators and problem-solvers

Innovation Culture

Foster entrepreneurial thinking by challenging students to create tech solutions for real challenges

SDG Acceleration

Generate actionable solutions for SDG 1 and 2 through youth-led technology innovation

From Buzzer Rounds to Breakthrough Solutions

announcement
Prize distribution

From Quizzing to Creating: The Innovation Pivot

TRADITIONAL PHASE

- Multiple-choice questions
- Buzzer-based competition
- Knowledge recall focus
- Individual & team rounds

TOP 10
ADVANCE

INNOVATION MONTH

Problem Identification

Teams research real poverty/hunger challenges in their communities

Solution Design

Develop tech prototypes: mobile apps, web platforms, IoT solutions

Mentorship & Iteration

Industry experts guide refinement through weekly feedback sessions

Why This Aligns With Your CSR Strategy

Digital Literacy

- Address national skills gap
- Align with government priorities
- Build future workforce pipeline
- Measurable educational outcomes

Youth Empowerment

- Direct engagement with 1,500+ youth
- Create role models in tech
- Foster entrepreneurial mindset
- Support underserved communities

Brand Visibility

- Logo on all equipment (smartboards, laptops)
- Media coverage during Expo
- Speaking opportunities at events
- Positive PR in education sector

Partnership Opportunities: Three Investment Levels

PLATINUM

UGX 20M+

- Title sponsor designation
- Logo on ALL smartboards
- Keynote speaking slot
- 5 mentor placements
- Exclusive Expo booth
- Press conference presence

GOLD

UGX 10M+

- Co-sponsor designation
- Logo on laptops & materials
- Panel speaking opportunity
- 3 mentor placements
- Expo booth space
- Social media features

SILVER

UGX 5M+

- Supporter recognition
- Logo on event materials
- Workshop participation
- 1 mentor placement
- Expo exhibition space
- Newsletter mentions

The Grand Finale Expo: Where Ideas Meet Industry

August 2026

Full-day showcase event

500+ Attendees

Students, educators, corporate leaders, media, government officials

Live Demonstrations

Top 10 teams present working tech solutions with live demos

Networking Hub

Connect students with potential employers, investors, mentors

YOUR EXPO BENEFITS

- Prime Booth Location
- Speaking & Award Presentation
- Media Interview Opportunities
- Talent Pipeline Access
- Brand Activation Space
- VIP Networking Sessions
- Post-Event Content Rights

Join Us in Building Uganda's Digital Future

NEXT STEPS

- Schedule a partnership discussion meeting
- Review detailed sponsorship package
- Customize benefits to your CSR goals
- Finalize agreement by February 2026

Together, We Shape Tomorrow's Innovators
